### Section C

#### 3. Paragraph-based Analytical Questions

(6 × 2 = 12)

- (I) Source Based (Karma Yoga – from the viewpoint of the Bhagavad Gita)

According to the Bhagavad Gita, Karma Yoga is essential for the success of life and spiritual development. It teaches that one should perform their duties selflessly - meaning without attachment to the outcome. This principle leads one towards a life of humility, detachment, and service.

#### Answer the following Questions:

- a) What is the definition of Karma Yoga?
- b) What is the spiritual meaning of giving up attachment to results?
- c) In which scripture is this principle found?
- d) How relevant is this principle in today's society?
- e) What can be the role of a Karma Yogi in society?
- f) Is there an emotional connection between action and its result?

(II) Case Study Based (Sangat, Pangat and Sikhism)

Sikhism stands for equality, brotherhood, and respect for individuality. Guru Nanak Dev Ji started the traditions of 'Sangat' and 'Pangat' to promote a social wave of equality. In 'Sangat', people gather to meditate on God's name, and in 'Pangat', people from all backgrounds sit together to share a meal.

**Answer the following Questions:**

- a) What is the definition of 'Sangat'?
- b) How does 'Pangat' oppose discrimination?
- c) Which Guru initiated these practices?
- d) How can these traditions be applied in modern society?
- e) What is the spiritual significance of these two traditions in Sikhism?
- f) How are these traditions related to the idea of "Sarbat da Bhala"?
